Communicating Student Learning: Reports go home Dec 8

Student Voice: Elementary leadership students will have an opportunity to collaborate with other schools with a focus on Inclusion, Diversity and Equity. Schools will plan district wide activities, leading up to a “Big Event” where these leadership students will hear motivational speakers, take part in team-building activities, get some swag, etc. These students will bring the learning back to their schools throughout the year. This is a pilot project with the hopes of expanding in future years.
